Minimum Q₂ and the degree-0-plus-2 width approximation · T=2,000
AR(1) · minimum degree-two component
AR(2) · minimum degree-two component
AR(3) · minimum degree-two component
Signed half-width correction
Full width / truncated approximation
Embedding dimension k
Population min Q₂
Empirical min Q₂
Population min of 2(Q₀ + Q₂)
Empirical min of 2(Q₀ + Q₂)
Empirical full minimum estimate
Thesis population full-min plateau
